Attività alternative alla navigazione in rete

Questo progetto è stato realizzato GRAZIE alla piattaforma **eTwinning** che coinvolge i docenti facendoli conoscere e collaborare in modo semplice, veloce e sicuro, sfruttando le potenzialità del web.

La mission di eTwinning: portare un miglioramento dell'offerta formativa dei sistemi scolastici europei attraverso l'internazionalizzazione e l'innovazione dei modelli didattici e di apprendimento, per favorire un'apertura alla dimensione comunitaria dell'istruzione e la creazione di un sentimento di cittadinanza europea condiviso nelle nuove generazioni.

L'azione è il tramite per aprirsi ad una nuova didattica basata sulla progettualità, lo scambio e la collaborazione, in un contesto multiculturale e con numerose opportunità di formazione e riconoscimento di livello internazionale.
